

OneHSN assists governments with their economic recovery and getting residents back to work, through rebuilding and supporting options for licensed childcare.

Our Staff and Workforce Management platform includes technology and services for Child Care Providers.

This platform instantly connects open shifts with available staff driving 90%+ fulfilment and increased hours for staff.

It automates your manual scheduling and re-scheduling process, saving you time to focus on what you do best. Provide quality childcare.

Here is a short video (2 minute) to showcase this easy but powerful platform.

[Click Here to view the video.](#)

If you are interested in learning more about this platform, I would request 15 minutes of your time to find out more about your specific needs, and showcase how this platform may best suit your needs.

Please feel free to respond via email, or give me a call.

Thank you.

.

Warm regards,

Rafael
