

Subject: PreK Application

Good morning:

Just wanted to give you a heads up that PreK application would be opening January 19 and close February 11. DECAL is using this [website](#) as a hub for information related to becoming a provider and the application.

We also found out (today) that DECAL is hosting a webinar on the application basics today at 1pm. Krystin is going to post this on social media, but I wanted to get the information to you as well in case you had counties who might be particularly interested in attending. The POC at DECAL mentioned that it will be recorded and posted on the website, and DECAL representatives are available for questions as needed.

Registration: <https://register.gotowebinar.com/register/5485865252146346256>

Just let me know if we can provide you with additional information.

Thanks

Akia D. Lewis, MPA, PMP
