How can we stop human trafficking where it starts? By addressing demand. You are invited to a virtual briefing that will highlight TAT's Addressing Demand program and Man-to-Man Campaign which focuses on resources and strategies for uniting key stakeholders (including task forces, buyer diversion programs, community groups, corporate businesses, and youth-serving organizations) to equip them with the information and resources to combat human trafficking at its root cause. For any questions, please contact Louie Greek at [lgreek@tatnonprofit.org](mailto:lgreek@tatnonprofit.org)
